

Econversations

Thursdays from 3:00 to 4:00pm
Davis Café in Alvarez Student Union

If you like to engage in conversations about economics (recent events, theoretical micro/macro issues, proposed policies, perennial disagreements, etc.), Econversations is for you!

Econversations is a weekly discussion session in which participants exchange views on various issues related to the economy and economics. We talk about whatever interests the attendees

– there is no predetermined agenda for any week. Hosted by Dr. Shyam Gouri Suresh.

Feel free to drop by for just one meeting or two or become a regular!
Feel free to come a little late or leave a little early!

Contact Dr. Gouri Suresh (shgourisuresh@davidson.edu) if you have questions or to get on the Econversations mailing list. Check out the website <http://shyamgs.org/econversations/>
